Build a culture of **academic integrity**

Provide targeted training to facilitate a consistent and unified approach to academic integrity in your institution.

- Instil positive values, skills and behaviours via clear explanations and interactive activities – providing strategies for evidencing academic integrity in all aspects of work

- Explore best practice and its real-life applications via video interviews with students and staff, plenty of practical advice, and a rich variety of complex, realistic scenarios

- Encourage reflection on common issues and dilemmas, as well as consideration of different experiences, using engaging animations, comic strips and polls

Step-by-step support for students

Provide a well-rounded guide to studying with integrity – emphasising the positive values, skills and behaviours necessary throughout university and beyond.
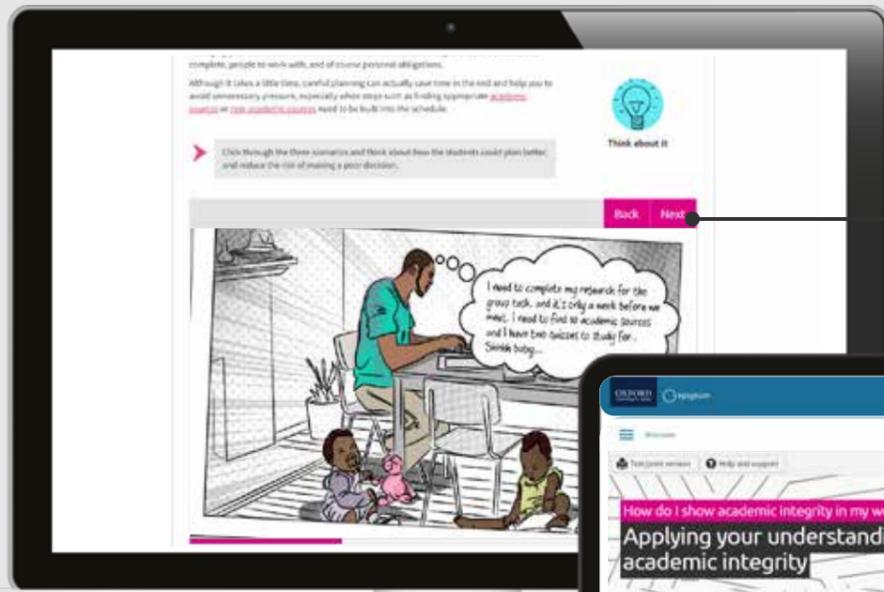

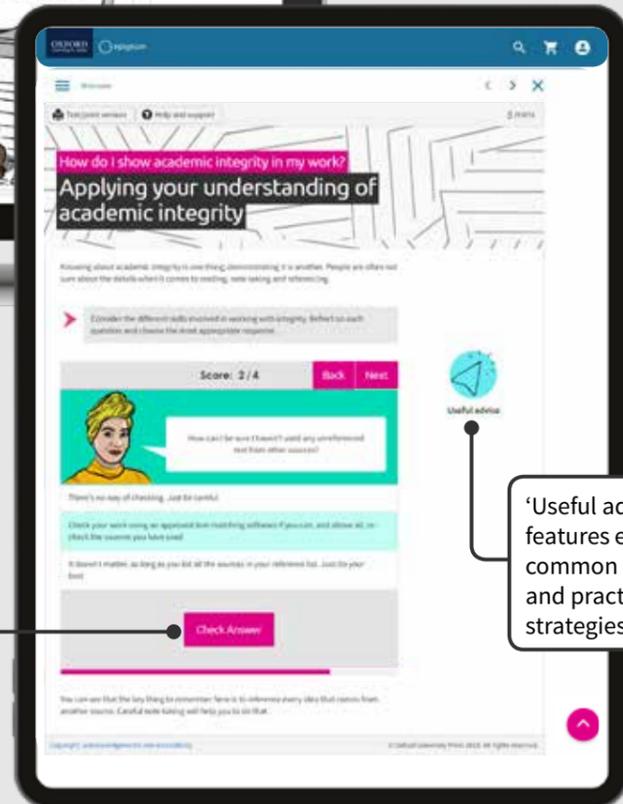

Modules

- What is academic integrity?
- How do I show academic integrity in my preparation?
- How do I show academic integrity in my work?
- How can I feel more confident about academic integrity?
- How do I deal with more complex situations?

Realistic scenarios prompt reflection and discussion, bringing course content to life

Summative activities provide opportunities to evaluate and evidence understanding

'Useful advice' features explore common issues and practical strategies

Comprehensive support for staff

Drive the development of a robust culture of academic integrity, exploring effective strategies for supporting students in ways that have a lasting impact.
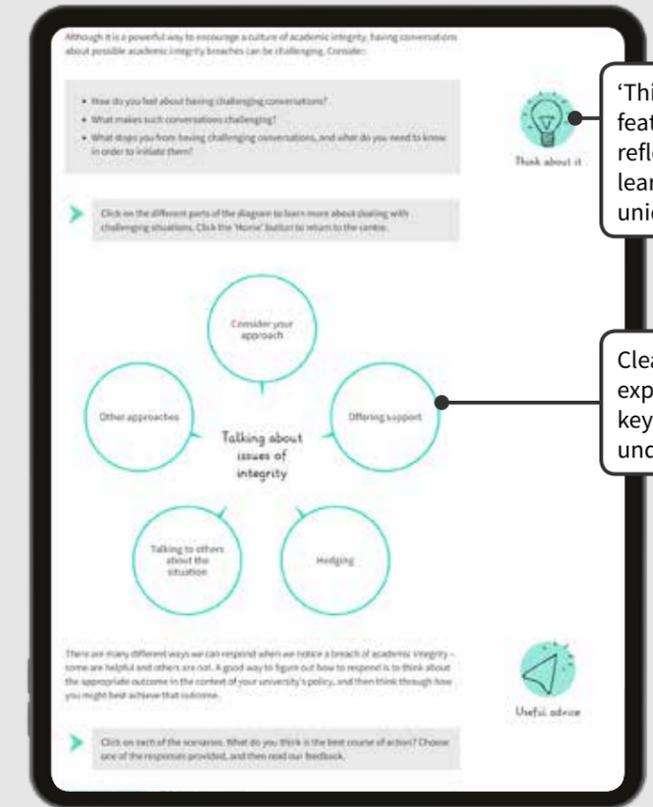

Modules

- What is academic integrity?
- Promoting a culture of academic integrity
- Identifying and responding to breaches of academic integrity
- Teaching, learning and assessment: implications for academic integrity
- Assessment design choices for academic integrity

'Think about it' features encourage reflection on learners' own unique contexts

Clear, concise explanations of key concepts build understanding

Interactive activities support targeted knowledge and skills acquisition

"Epigeum's *Academic Integrity* online course is designed to assist higher education institutions to embed internationally recognised best practice at every stage of a student's candidature, and provide comparable training to both teaching and administrative staff. Utilising the expertise of researchers, educators and practitioners from around the world, the *Academic Integrity* online course will offer a more nuanced and complete package of interactive resources than has previously been available."

Dr Tracey Bretag, Lead Advisor, *Academic Integrity*
