

# Research Integrity

UK Version

New edition

## Deliver consistent, institution-wide integrity training

Comprehensively updated to integrate the principles set out in the *Concordat to Support Research Integrity*, the new edition of *Research Integrity* will be available for subscription in 2020.

Suitable for postgraduate students, postdoctoral researchers, and early-career researchers across all major disciplines, the programme consists of eight core modules and five supplementary modules – each one using engaging multimedia content and interactive activities to drive active learning, reflection, and practical application.

*Research Integrity* will support your institution in meeting its commitments to the *Concordat to Support Research Integrity* by providing evidence of comprehensive, consistent training in responsible conduct and best practice, and incorporating the latest research developments.

## Core Content:

- 1 The Responsible Conduct of Research
- 2 Irresponsible Research Practices
- 3 Planning Your Research
- 4 Managing and Recording Your Research
- 5 Data Selection, Analysis and Presentation
- 6 Scholarly Publication
- 7 Professional Responsibilities
- 8 Communication and Social Responsibility

Deliver institution-wide integrity training in order to:

- ✓ conduct research of the highest quality
- ✓ minimise the risk of integrity breaches
- ✓ increase confidence in published works
- ✓ meet funding agency requirements
- ✓ strengthen researchers' career prospects

*“All researchers, but particularly student and new researchers, need more training than they are currently getting in how to plan, carry out and report their research with integrity. This online programme will help meet these needs in a cost-effective, efficient and engaging way.”*

**Professor Nicholas Steneck**, *Research Integrity Lead Advisor and Author*  
Professor Emeritus of History, University of Michigan

*“Research integrity is about ensuring the production of high quality, reliable and useful evidence. Courses like this are integral to academic training because they explore the standards that all of us, as researchers, need to aspire to.”*

**Dr Simon Kolstoe**, *Research Integrity Adapting Author, UK version*  
Senior Lecturer in Research Ethics, University of Portsmouth
