

International Student Success

Equip undergraduate and postgraduate international students with the skills and knowledge to prepare for, and adjust to, university life.

Packed full of practical tips, real student voices, and “myth-busting” exercises, this holistic programme will address a range of key concerns and issues using a rich array of dynamic, interactive content to deliver core information, manage expectations, and build confidence.

Programme structure

Preparing for student life in the UK

Culture: Adapting and managing expectations

Effective communication

Looking after yourself and finding support
